UTAH HEALTH DECLARATION OF NON-CONSENT

WHEREAS, Utah Code § 26-23b-102(6) provides that a “public health emergency” means an occurrence or imminent credible threat of an illness or health condition caused by, among other things, an epidemic or pandemic disease that poses a substantial risk of a significant number of human fatalities or incidents of permanent or long-term disability;

WHEREAS, Utah Code § 26-23b-102(4) provides that an “epidemic or pandemic disease” means the occurrence in a community or region of cases of an illness clearly in excess of normal expectancy and includes diseases designated by the Department which have the potential to cause serious illness or death;

WHEREAS, the Utah Department of Health has provided no comparative analysis of hospitalizations and ICU usage as compared to previous years to determine a “credible threat” or “substantial risk” that is “clearly in excess of normal expectancy” in order to issue the declaration of an emergency on October 14, 2020;

WHEREAS, the Governor has provided no comparison of case counts of COVID-19 with case counts of other influenza-like illnesses from previous years in order to justify the presence of an emergency pursuant to the Utah Code Title 53, Chapter 2a, Disaster Response and Recovery Act;

WHEREAS, as of December 6, 2020, the deaths attributed to the COVID-19 virus in Utah are 939, while the deaths attributed to flu/pneumonia/chronic respiratory disease for 2017 was 1160 according to the CDC (NCHS);

WHEREAS, Utah Code § 63G-3-102 states that an order is “an agency action that determines the legal rights, duties, privileges, immunities, or other interests of one or more specific persons, but not a class of persons,” while a rule “applies to a class of persons or another agency,” and a rule does not mean “orders,... the governor's executive orders or proclamations,... an agency written statement that is in violation of any state or federal law.”

WHEREAS, Utah Code § 26-1-30 (23) only allows the Department of Health to “adopt rules and enforce minimum sanitary standards for the operation and maintenance of” schools, state facilities and businesses;

WHEREAS, Utah Code § 26-1-10 only authorizes the executive director of the Department to issue public health orders to enforce state laws;

WHEREAS, the Utah Code contains no state law, and the Utah Department of Health has not adopted any rule, that contains the prescriptions, such as the face-masking, distancing, opening capacity and timing prescriptions, of the Transmission Index used in State Public Health Order 2020-25;

WHEREAS, the Utah Code § 26-6b-2(3) states that an "Order of restriction" means “an order issued by a department or a district court which requires an individual or group of individuals who are subject to restriction to submit to an examination, treatment, isolation, or quarantine”;

WHEREAS, Utah Code § 26-6b-3 (1)(a) allows the Utah Department of Health to “issue a written order of restriction for the individual or group of individuals pursuant to Section 26-1-30 or Subsection 26A-1-114(1)(b) upon compliance with the requirements of this chapter;”

WHEREAS, Utah Code § 26-6b-3.2 contains clear descriptions of the judicial review process required in case an individual withdraws consent to an order of restriction;

WHEREAS, in clear violation of consent procedures of Utah Code Chapter 26-6b, the State Public Health Order 2020-25 (6 and 7) requires individuals in educational institutions to submit to examination, through the COVID-19 diagnostic test;

WHEREAS, in clear violation of consent procedures of Utah Code Chapter 26-6b, the State Public Health Standing Order of June 30, 2020 authorizes pharmacists to “screen, order, and administer an FDA-approved COVID-19 test to any individual who meets CDC and/or UDOH guidelines”;

WHEREAS, Utah Code § 26-45-102 states that "DNA" means deoxyribonucleic acid, ribonucleic acid (RNA), and chromosomes, which may be analyzed to detect heritable diseases or conditions, including the identification of carriers, predicting risk of disease, or establishing a clinical diagnosis;

WHEREAS, the COVID-19 test utilizes ribonucleic acid (RNA), satisfying the definition of a genetic test;

WHEREAS, Utah Code § 26-45-103 (1), the **Genetic Testing Privacy Act**, states that an employer “may not in connection with a hiring, promotion, retention, or other related decision: (a) access or otherwise take into consideration private genetic information about an individual; (b) request or require an individual to consent to a release for the purpose of accessing private genetic information about the individual; (c) request or require an individual or his blood relative to submit to a genetic test; and (d) inquire into or otherwise take into consideration the fact that an individual or his blood relative has taken or refused to take a genetic test.”;

WHEREAS, Utah Code § 26-1-33 states that nothing in this title (26 Utah Health Code) shall prohibit an individual from choosing the diet, therapy, or mode of treatment to be administered to an individual or an individual's family;

NOW, THEREFORE, I, _____, individual in the State of Utah, declare to all state employees, commercial employers and employees that:

1. I do NOT consent to any order of restriction, medical examination, treatment, isolation or quarantine requirements made pursuant to COVID-19, including vaccinations or immunizations;
2. I do NOT consent to undergo any testing for COVID-19;
3. Executive Order 2020-72 (and all similar subsequent orders) is null and void;
4. State Public Health Orders 2020-11, 2020-17 and 2020-25 (and all similar subsequent orders) are null and void;
5. The Standing Order on June 30, 2020 is null and void.

This declaration is effective immediately. Made at ___ day of ___, _____ (year).
